ANTI-COMMUNIST JEW-LOVERS — A SAD CASE OF UN-REQUITED LOVE!

LETTER FROM ROBERT WELCH

To the Editor:

I have seen the articles in The Jewish Advocate on The John Birch Society. We are not surprised that your paper looks unfavorably on the Society, for you certainly seem to have a large segment of the American press on your side at the present time. (We hope gradually to change that attitude, as more of the editors and publishers learn more of the true facts concerning the background, methods and purposes of the Society.) But we were very much surprised and badly hurt to see the charge of anti- Semitism appearing against us in these articles.

For of course there is not the slightest trace of anti-Semitism in my record, my statements or my outlook. And while I have not the slightest intention of raising any rumpus over the unjustified accusation, but prefer to let the truth catch up with it in due course, I am hopeful that you might be willing to help the truth along in that pursuit.

At any rate I do know that you or somebody on your paper has been badly misled, with the result that as good a friend as the Jewish people ever had in America has been accused of anti-Semitism. And it is for the sake primarily of my Jewish friends themselves that I should like to see so false an impression of me corrected.

Sincerely,
ROBERT WELCH

Needed: A Birch-Control Movement

THE TENOR OF much of the correspondence coming to this publication these weeks indicates both concern and bafflement with the John Birch Society and its implications for American Jewry. Some readers have asked why, if Birch leader Welch has so positively rejected anti-Jewish bias, Jewish leaders and organizations denounce both him and his movement with such vigor. The answers, unfortunately, are given by contemporary history.

The primary peril of the Birchists is, of course, onslaught against democratic values; as Jews, we know only too bitterly that whoever menaces the democratic function imperils the Jewish community. Beyond that, there is the ferocious Birchist condemnation of all who refuse to join them in their hysteria, and their tight and blindly-disciplined local steamroller, designed to crush anything they are instructed to regard as opposition. The Birchists are intent on weaving a blanket of fear. We must—all of us—resist them with all the tools of democratic sanity.

An Open Letter to Robert Welch and General Walker:

Gentlemen:

I address you, not because I am so naive as to imagine that you will answer or even acknowledge my existence, but because I want to make a start toward the most important task facing those of us who lead the wide-spread divisions of the right-wing "army".

On the front page of this sheet, side by side, I publish two clippings from papers published especially for the Jews.

One, you will recognize, Mr. Welch, as your own letter to The Jewish Advocate in which you reassure the Jews that you are "as good a friend as the Jewish people ever had in America".

The other clipping, from one of the biggest Jewish newspapers in America, The American Examiner, in New York, you may not have seen. I hope you will carefully notice this Jewish reply to your protestations of friendship to the Jews, particularly the last two sentences; "The Birchists are intent on weaving a blanket of fear. We must - all of us - resist them with all the tools of democratic sanity".

As you know, the American Examiner is not SUPPOSED to be a Communist paper - just a paper for the Jewish community. The John Birch Society and you yourself are unceasing in your efforts to disavow any anti-Jewishness, and yet stick strictly to anti-Communism. Yet here we have this Jewish newspaper calling for ALL Jews to resist you and the John Birch Society with "all the tools of democratic sanity".

In case you are not already aware of it, you will find the same hostility toward you in all the Jewish papers, where you are almost always called an anti-Semite and often, a Fascist or a Nazi.

Your protestations of love for the Jews do not earn you any immunity from their vicious attacks and, although you patiently forbear from the "game" they give you the same "name" as they do me.

Below, I reproduce the headlines from the Worker of November 12, 1961, which has you, General Walker, bidding for the role of Fuehrer. Perhaps you are so naive that you are not aware that the Worker is sparked, staffed, run and financed mostly by Jews. When Internal Revenue, under T. Coleman Andrews, I believe, closed up the Worker for its failure to pay their taxes, they did not miss an issue because, strangely enough, it turned out that they shared staff and facilities with the "Morning Freiheit" across the hall - an OPENLY Communist Jewish paper.

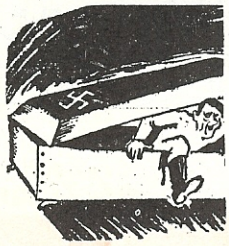
GEN. WALKER BIDS FOR FUEHRER ROLE

By DANIEL MASON

MAJOR. GEN. EDWIN A. WALKER, a member of the subversive John Birch Society in outright defiance of the U. S. government, made a bid on Oct. 26 to become the fuehrer of the ultra-reactionary forces for a possible fascist march to power.

Walker called for a military-civilian coalition to rule the nation in an allout world war.



In recent weeks, the so-called States-Righters in the South and Walker.

their main strength in the West and Mid-west, have been issuing calls for Gen. Walker to quit the army and enter politics.

READY TO ATTACK

Apparently, the ultra-reactionaries, assessing the indecision of the Kennedy administration in the face of previous Rightist attacks, and the silence of labor and the liberals, now feel that they are ready for a massive attack on the American people. They have been encouraged by to such positions of power in our government to be able to claim the right to speak for us."

PUNISHMENT

Unfortunately, the swiftness with which the Army proceeded to accept the would-be dictator's resignation now makes it difficult to punish him and thereby warn the subversive anti-American elements who are boring from within the armed services to destroy their tradition and legal foundations.

It was to protect the American people against the possibility of a military dictatorship that

to keep and bear arms shall not be infringed."

The peculiar way in which Walker released his "resignation" and manifesto — through the office of white-supremacist Sen. Strom Thurmond — had raised the question as to whether or not he did not thereby engage in mutinous activity violating not only the letter and spirit of the law but also his oath as soldier to his commander-in-chief, President Kennedy.

Many hours after Walker's "resignation" had been distributed to the press by Thurmond's office, the Army had not yet the "resignation" from

There cannot, of course, be any open and provable connection between such an organization as yours and such as mine, any more than there could be between the ADA and the Communist Party. However, since the gutter fighters, like me, are only part of the battle and the "Union League Club" fighters like yourself are only another part, and since both are essential to the success of the other there must be, at the very least, harmony as to the eventual goals aimed at, as well as the grand strategy. Your organization and methods can win the wealthy, the intellectuals, and the older people but can never hope to win the youth, the common working people (the masses) and the fighters who have been attracted and organized by us. Your approach is eminently reasonable, rational and effective only with the minority who think. Our organization is effective toward the same ends with those enormous masses without which any salvation is impossible. These masses alone can give us the vote and overwhelming strength to "turn the rascals out" and install patriotic, dedicated Americans in the positions of power now occupied by Communists and subverters. These masses do not think and never have; they feel. They are won, as Franklin Roosevelt won them, by "emotional engineering".

It is this fact which has dictated my "Nazi" approach to "wake them up" in spite of Communist and leftist domination of all media of information.

You will recognize that, so far, the right-wing has consisted almost wholely of older people - usually well-to-do or at least comfortable, - with a fringe of crack pots and, unfortunately, profiteers. The ordinary American, the cab driver, the plumber, the steel worker, and the other millions of simple common people who elect our presidents and government have been neatly divided by the enemy into two almost equal camps with no genuine issues of contention between them, as you know. And in 1952 they pulled their brilliant feat of installing their man as the "leader" of "our" side. When the enemy realizes that the common man is about to wake up and revolt against his too obvious manipulations, he starts long in advance of the crisis which he knows is coming, and builds up one of his own as the "leader" of the incipient revolt against himself.

Our poor brain-washed millions don't know the Source or the purpose of the terrible chaos and weakness in our national life, but with the true instincts of common people they are enormously restless as they sense something terribly "wrong". Kennedy's outrages, the enemy knows, will inevitably produce a powerful reaction. In fact, it already has. This was anticipated years ago even as the manipulators were building Kennedy to take up where Ike left off. So the fiends commenced the buildup of their next "Eisenhower" Judas-goat at the same time they engineered the "rise" of Kennedy - and those who can not or will not see the utter depths of this unspeakable conspiracy against our Nation and race are today whooping it up for the new Republican "Eisenhower" with even more gusto than when in 1952 they clutched Ike to their bosom.

The Zionist intellectual and journalist, Sokolsky, is leading the pack of Hamlin's children in our colleges and universities with his "conservative" piping right into the eternal fastnesses of the mountain of Goldwater-ism.

It should not take any profound thinking to realize the imprudence, to say the least, of making a Sicilian the chief of police in a city ridden by Mafia gangsterism, regardless of his protestations of dedication to law and order. It is the same situation with Mr. Goldwater. Perhaps he is utterly sincere. But is it not at least peculiar that, with the Communist Party and the left-wing swarming with Jews (even if you sincerely doubt Jewish leadership of the enemy forces), that the only man in America who seems to "emerge" to lead the right-wing too, is also a Jew? Is there no non-Jew in all of America able to lead us in the anti-Communist fight? Does it not seem strange that Mr. Goldwater - unlike Joe McCarthy - enjoys a tremendous press with only token hostility?

Remember the poem about the four blind men that went to see the elephant? One got hold of a leg and reported the elephant was very much like a tree. Another, who got the tail, reported an elephant to be snake-like. Your family, your business, and your associates condemn you to preoccupation with only one part of the American "elephant" - the upper and middle class and the mature and older people. The huge and inarticulate but fantastically powerful body of the elephant is the lower class and lower middle-class. This enormous group cannot be won by intelligent and reasonable speeches or books any more than Christ could win the same multitudes by syllogism and logic. He, like every other leader in history who has been able to win over masses of people, used parable and DRAMATIC TACTICS such as overturning the tables of the money changers.

I know you will both be frightened of my ogreish reputation. Probably like millions of others, you are still compelled to ignorance of my real character and aims, so that you will most likely consider my effort as nothing other than madness or even sabotage of the anti-Communist cause.

I am used to that.

Nevertheless, from your brilliant writing and analysis, Mr. Welch, and from your inspiring courage and actions, General Walker, I know you are both well enough informed and sufficiently aware of the strategy of the Bolshevik colossus so that you realize our enemy does not confine his battle to destroy our race and nation to a single front.

The enemy has his millionaire, Frederick Vanderbilt Field - BUT HE ALSO HAS HIS HOODLUM COMMUNIST LEADERS IN THE STEEL TOWN. He has his intellectual Frankfurter - BUT HE ALSO HAS HIS BRUTE FORCE RED-UNION THUGS. He has his polished propagandists with the clipped British moustache and accent, Dean Acheson, - BUT THEY ALSO HAVE THEIR SCREAMING AND VULGAR STREET AGITATORS.

One of the gravest mistakes a commander of any kind of struggle can make is to become preoccupied with a favorite aspect of the battle so much that he neglects the development of a balanced force to win the war. You must have experienced this sort of shortsightedness even in business, wherein an executive might concentrate on production to the detriment of sales or on advertising at the expense of production and personnel, etc.

While the right-wing today is - thank God - reviving, it is still splintered into a hundred different factions each of which claims that its particular tactic alone is the panacea and that all the others are wrong, cowardly, agents provacateur, etc., etc., etc. I know you have oftimes stated that the right-wing must have "fronts" like our enemies. This is one of the reasons I highly regard your analysis and efforts. But from observation and from close personal mutual friends, I also know that you have a horror not only of me but of all the "combat" troops of our forces. To use the terms of analogy, you have set up the "ADA" and are in favor of a "National Council of Churches", a "Frederick Vanderbilt Field" and other "nice" fronts and divisions. But these "nice" forces, without simultaneous and coordinated development of the Gus Halls, the "Winstons", and the steel mill agitators (again to use the terms of analogy) produces nothing but frustrating failure in the long run.

To use more succinct terms, "fronts" can never succeed without "backs".

Without Sacco and Vanzetti, Frankfurter could not have become the mortal danger which he is. (As you probably know, it was Frankfurter, the intellectual, who defended Sacco and Vanzetti, the murderers, and it was also Frankfurter who testified for Alger Hiss.)

The rich and powerful men like Maguire, Snowden and Arrowsmith, with whom I have worked, have all failed to realize the deadly necessity of reaching the EMOTIONAL masses and have spent millions attempting to "wake up" the people with "the truth" alone. All of them consistently failed and will continue to fail because what is needed to overturn the monstrous power of the conspirators is an almost religious mass movement, WHICH IS THE ESSENCE OF COMMUNISM. Such mass movements of simple, horny-handed, ignorant - but great hearted common people, are never set into motion as a rolling juggernaught except by emotional and heroic tactics. Before Acheson, Hiss and Eisenhower there had to be Tom Mooney, Sacco and Vanzetti, and thousands of gallons of blood spilled. Fortunately, we do not need any violent or illegal revolution. But, in addition to the excellent efforts of men like yourself and Russell Maguire to spread the truth, we must reach the HEARTS of our brain-washed millions with the lightning bolts of emotion which alone can ignite the slumbering spirit of the masses and forge them into the irresistible avalanche which can overwhelm the conspirators and traitors and their liberal tools.

No matter how much they hurt me and my follower with frame-ups and beatings, and no matter how much the people imagine they "hate" me and all I stand for, the very heroism and fanaticism of our battle not only forces the red-dominated media of public information to constantly bring to the attention of the public that there is all-out opposition to the enemy, but inevitably wins the hearts of the masses. As they are progressively deluged with savage negroes, Communism, and eventual economic chaos, our people are desperately, even if unconsciously, seeking for strong, sure leadership, instead of the lies, double talk, and propaganda they are getting. As racial violence builds to major race riots all over the country, as Communism grows stronger and more arrogant daily, as our youth grows wilder and more criminal, and finally, when our war-scare and foreign-aid economy collapses in five or six years, the attitude of the mass toward us will change over night when they see and experience the villainy of those whom they now imagine are their friends. For this reason, I am not now concerned with the phony, manufactured opinion of the masses nor with the fear and dread with which I am viewed by men like yourself. I am systematically gathering the youth and the organized force which alone can stop the enemy when he tears off his mask of liberalism, brotherhood, and tolerance. At that time I will inevitably gain the support of America's upper-class patriots, just as a man who is attacked by thieves and muggers is not looking for social workers or educators but for policemen.

This letter is to lay the groundwork for that support and cooperation as early as possible in the struggle. Unfortunately, a realistic appraisal of America's upper-class patriots reveals that few or none of them, in spite of their alarums, actually realize the brutal and terroristic nature of the enemy attack nor do they perceive the nightmarish imminence of total catastrophe. They will continue to avoid us as the plague or even believe that we are agents provocateurs.

But you will not forget this letter. When the John Birch Society, "We the People", "For America", and all other such outfits become too annoying to the enemies of America, these organizations will be smashed ruthlessly, as were "America First" and all the other "nice" or "semi-nice" patriotic groups. Because we are consciously and purposely building from the very bottom - from the gutter if you will, we are building strong. We cannot be driven or hounded out of existence because their jails, insane asylums, beatings and starvation are the very stuff that makes our strength.

We recognize, again, that none of the "nice" patriots can or should have anything public to do with us, but we nevertheless hope that you, gentlemen, and others like you, will be at least as provident as our enemies and avoid any actions which would make our fight down here in the gutters any more painful or bitter. Although you may not know it, we have many mutual friends and supporters.

Your success is now inevitable because the Communist, Zionist and race mixing outrages of your Jewish "friends" have become so arrogant and unbelievable to the masses of Americans, that you represent the will of the people. And your pose as Jew lovers, and your money temporarily prevents the enemy from dealing you the kind of dirty blows we suffer every day, and which keep us working down here in the dark of the Jew press blackout.

But by the same token, your eventual failure to win POWER from the villians is also inevitable. For this is not a battle of sweet reason and enlightenment, even though the Jews would like it to appear so. As you know, most Congressmen and Senators know the "score" but can do nothing because of FEAR. A few southern Congressmen get away with opposing the Negroes, but open opposition to Jewry is "suicide" for a politician in today's "phony" politics. The foul devil-fish which is strangling our people with its slimy tentacles will never release its blood-sucking hold just because you gentlemen make the victims a little more aware of the attack upon them, or the nature of the crawling beast itself. As you should know particularly, General Walker, soldiers do not fight for "reasons", but because of DISCIPLINE and MORALE. There was no reason, for instance, behind your service as Commander of the troops employed against Americans at Little Rock.

Nor is there any REASON behind your recent courageous resignation and manifesto, which cost you tens of thousands of dollars. Your actions were dictated by an emotionally outraged heart. America's masses will finally rise to smash the most powerful enemy ever to appear on earth for the same kind of reasons you resign, General Walker, - because they will be EMOTIONALLY outraged and sick of slogans pushing phony brotherhood, etc. Their attitude toward such all-out combat fighters as ourselves, who cry out the ancient slogan of battle, "Death to the traitors!" will change over night when they see that you, Mr. Welch, and you, General Walker, with your pro-Jewish anti-Communism are as ruthlessly attacked by these villians as we are.

The people have had almost enough. Today they will follow you by the thousands and perhaps millions. I hope so. But when your "nice" anti-Communism with your efforts to love the Jews, is finally crushed, as was McCarthy, by the Jews our people had better have a last refuge to which they can turn.

That refuge is being built in poverty, in jails, and in the blood and sweat and tears of the young heroes of the American Nazi Party, who dare to stand in the streets and call for the only way to deal with a mortal enemy, "Death to the traitors!".

Commander Lincoln Rockwell,
American Nazi Party
928 North Randolph St.
Arlington, Va.

Dear Nazi:

Commander of what? The Swastika? The most ghastly graphic symbol in all history?

You boast that you hold a certificate from a court that you are sane. But this sanity is only in legal terms indicating that you do know the evil you are practising. You spout hatred at me, but I cannot find it in my heart to hate you. I cannot hate a sick man, a man with a diseased brain. Somewhere you picked up this germ, first perhaps because you thought it an easier way to make a living than driving a truck, and then it took possession of you. There have been many such as you, and you deserve sympathy for a brain that has become so terribly corroded.

Thomas Mann, a German Gentile, said it correctly that anti-Semitism is an aggression against Christianity. The anti-Semite, he said, is a man who hates Jesus to the point of violence; he hates the Christian ethic that binds him too tightly and so he lashes out against the precursors of Christianity, the Jews, since he does not have the guts to speak out against Jesus directly. Stanley High, the eminent editor of the Readers Digest and a leading Protestant layman, said it well, too; "They hate the Jews for only one basic reason, for having produced Jesus."

You are not worth another line of type anywhere. You have my picture in your stupid little Hitlerean headquarters, you say? You stick pins into the photo? How many pins a day? How many mental orgasms do you need every twenty-four hours to satisfy your nose-running, mouth-drooling insanity?

If you love Hitler, as your stupid letterhead indicates, you will have to liquidate your father somewhere along the way, because your father was "contaminated," many years ago. Old Doc Rockwell, a loveable man, ate a dinner at my home on the Lower East Side of New York, on the Jewish Sabbath too, and my old pious mother, who couldn't speak English served him

with affection and your father responded with grace and good will and affection. He was our friend. My brother, Jacob, an Orthodox Jew, ran a theatrical rooming house on Sixth Avenue and West 38th Street, the Taft, it was called. Fifty years ago actors were not welcome in our finest hotels. Places like my brother operated had signs, "Actors Welcomed." Many of our best men and women stopped there and when they were on the road they had their mail sent to my brother. Undoubtedly your mother wrote to your father in care of my brother. Think of that, you poor benighted fool. Shouldn't you now go out and purge yourself in some way. And suppose I tell this to the other Nazis in your stupid crowd? How would you like that? Do you think they would let you remain their commander after that revelation? Old Doc Rockwell even put my brother into his act often making jokes about the little theatrical hotel especially about the live fish my sister-in-law had floating in a bathtub in preparation for the Sabbath. What would the other Nazis say to that? What would Hitler have said? Do you call this "pure", you blithering idiot?

You poor stupid hate-monger, who raises his little pig eyes to his betters. You feel the need to hang that Jesus every few minutes do you not? You poor idiot! Get thee to the couch of a psychiatrist as quickly as you can! There is time yet. Fall upon your knees and beg forgiveness of Almighty God. Pray for the forgiveness of your fellow-man, and above all pray that you may be forgiven, too, for spitting on the Constitution of the United States, and trying to make a mockery of the American flag.

Yours truly,

LETTER FROM A LOUSE . .

Herewith, we print the answer we received from the great Harry Golden, when I wrote him and demanded he retract his printed statements that I was insane. He not only does not retract

this wishful libel, but reinforces it, and adds a few paragraphs of Jewish-style, Kosher insults. These insults have been reprinted in Jewish papers across America in the usual Hebrew answer to factual attacks. I was found sane by a panel of four government psychiatrists, including a Jew, and yet Mr. Golden self-righteously repeats the libel that I am "nuts". Poor Harry. He HAS to believe I am nuts, -or else HE and his evil tribe are the lunatics, -which is actually the case.

When an individual believes everybody is persecuting and hating him and making him a "scape-goat", and also that he is some kind of "special person", with a holy mission, he is said to have "delusions of persecution and delusions of grandeur". The Jews have made a whole RELIGION out of these pitiful ideas, -the whole GANG is "nuts"!

As a result of this miserable paranoia of the Jews, we must all experience constant upheaval and finally wars, as they stir one Country up against another which has gotten sick and tired of their depradations and parasitism.

This wretched, ugly fat old Kike thinks he will destroy me and the truth I keep forcing into public view by "revealing" that my father is his "pal" and shared a Kosher dinner with him and his mother. So here it is printed, Harry. The boys had a big laugh out of your pitiful "hate" letter, in which you substitute name-calling, as usual, for arguments and facts. So I am a "blithering idiot" with little "pig eyes" suffering from "nose-running, drooling insanity"?

Well, I have an idea how you can run me out of business and close up the Nazi Party the EASY way, Harry, if all these Kosher insults are true. I have just won permission to speak in Union Square where hundreds of your Jew friends, -your brother, maybe?-have been "spitting on the Constitution" and our flag for YEARS, without a peep of protest from you or any other Jews I know of. They just had a big Commie rally in Carnegie Hall. Did you do anything to stop such an insult on American soil?

Now I am going to have a NAZI rally in Union Square, --and I am going to see the color up the middle of your back. I will offer you HALF of my time in that cesspool of treason and hate, to show me up publicly as a "nose-running, drooling, blithering idiot". Let's debate, Harry. You tell the folks your side, and I'll tell what I believe are the facts that show that you and your kind are wrecking and destroying our wonderful America, our Constitution, our Republic and our White Race.

Then we'll let the PEOPLE decide who is the idiot, and who is the decent American.

You will react to this honest challenge, sneak, as you people have always done; by resort to acting and insults again. You will fulminate self-righteously about how you are " so far above" me that you would never "lower" yourself to my vile level.

Well you can keep up that pose only so long against our tactics, Harry. Sooner or later, I shall beard you "superiors" of mine so that Americans will at last HEAR MY SIDE, and make their own decision as to who is the "pig-eyed" "nose-running blithering idiot," -and who is the patriotic American.

And that will be the end, Jew. For every individual who is proved in Court to have been a traitor to this wonderful America and our people, it will mean the GAS, -and I don't mean the putrid, halitosis flavored vaporings of such as you, Jew.

We have a GOOD Jew here who has written a piece I will publish in a forthcoming newsletter; he asks at the end "What is the point of the Jews' endless march to the gallows?" --and I would ask you the same thing. You people have done the SAME thing, for more than two thousand years, ever since the Jesus you mention turned over your money tables and blasted you as the sons of the devil himself, and you had Him crucified by the Romans. You are doing it again, this time on a world-wide scale. And the result will be world wide, you poor "persecuted" Kike.

Does it not make you sick to look in the mirror every morning when you get up? Do you think it is only your "religion" which makes you LOOK so repulsive, like a fat camel with rotten teeth and breath?

Let's see the color up your back, Jew. Let's debate in Union Square.
